~ The Importance of Mid-Term Elections ~

Mid-term elections are important because they help determine power in Congress. As stated in the Constitution, Congress is a legislative body that has the authority to make laws. As a bill only becomes law with approval from both the House and the Senate, the political party with the majority in both chambers of Congress is more likely to have their legislation passed. This is especially important when it comes to bills that impact a lot of people, like those that would protect data privacy or secure voting rights.

Mid-term elections are important because they provide voters with the opportunity to change the party in power. Fifty-one seats are required for a political party to have control in the Senate, while 218 are needed to achieve a majority in the House. There are currently 11,831 bills and resolutions before Congress. In the 117th Congress, there have been 309 bills and joint resolutions that have become laws with a Democratic majority.

What should I do? Pray, (prayer changes things), Praise, Confess your sins to each other and pray for each other. There's power in confession. Prayer changes things. "Give God the real you."

I Cor. 12:1, 28 – Now concerning spiritual gifts ...And God have set some in the church, first apostles, secondarily prophets, thirdly teachers ...

Adult Sunday School Teachers

Elder Connie Dinkins, Minister Arie Freeman Jr., and Brother Michael White

For the month of July, we were in Unit II of the Summer Quarter dealing with the topic **Faithful to Prophecy**. During this unit we were still in Old Testament books and examining the faith of the prophets Haggai, Micah, Habakkuk, and Ezekiel. We got to see how God used these men to deliver His message. We get to see their ministry although different, but effective in spreading the news. We find prophecy of repentance and rebuke as well as hope in times of despair. While Haggai, Micah, and Ezekiel spoke and prophesied to the people, Habakkuk dialogued with God about current and future events. For the month of July, Brother Michael White and Minister Arie Freeman facilitated the lessons. This quarter's lessons are still dealing with the overarching theme: **Servants and Healers**.

Unit 2: Faithful to Prophecy:

In this unit we got a firsthand look The lessons of Unit II were **Lesson 1: Haggai Calls for Faithful Service; Lesson 2: Micah Stands Firm for God; Lesson 3: Habakkuk Praises God's Faithfulness; Lesson 4: Ezekiel Brings Hope to Israel, and lastly Lesson 5: Jesus Heals a Centurion's Servant.**

Lesson 1: Haggai Calls for Faithful Service: The Book of Haggai is a short book, only two (2) chapters. Haggai lived in Jerusalem after the return of the Jewish from exile in Babylon. He was there as they began rebuilding the Temple. When opposition arose and the work stopped, Haggai began campaigning for the work to resume and be completed. God gave Haggai a message for Zerubbabel, the high priest. You're back home in Judah. You've rebuilt your houses and garden, but my house (Temple) is desolated, lying in ruins. You are happy and content in your house while mine lay in ruins. I am not happy. You could be doing much better if you were obedient. Now get busy. Get to work. Get the lumber, the timber and rebuild my house. If you don't this will happen. I will call for a drought because of your disobedience to rebuild the Temple. The people heard and obeyed the message from Haggai. God lit a fire in Zerubbabel and the rest of the people, and they began working on the temple. **Pt. 1:** When God gives you and assignment, He expect you to complete it. **Pt. 2:** There are always consequences for any decision you make. **Pt. 3:** Don't let fear or opposition keep you from your assigned task.

Lesson 2: Micah Stands Firm for God: Micah was a small -town prophet. He was a prophet during the times of Isaiah, and Hosea. Micah's message was to people who abused power and privilege. The rich were getting richer through violence and extortion, judges were easily bribed, and rulers who did whatever it took to stay and power and live in luxury. Sounds like Donald Trump. Micah admonished the Jewish victims for seeking help from idols instead of praying and asking God for help. His purpose was to warn the people that God's judgment is coming, and it was time to repent. This lesson dealt with wealthy oppressors. Chapter 2:3 states "The Lord say I will reward your evil with evil. You will not be able to escape. Your enemies will laugh and make fun of you. The people refused to believe. They did not like what Micah was prophesying. They said no disaster will come upon them. God will not have patience with your behavior. You are doing the poor and weak so wrong. You don't like what I am saying because I am speaking the truth. Your land and home will be taken from you because of you evil and sinful ways. **Pt.1:** Even when people refuse to hear the truth, continue to tell

the truth. **Pt.2:** Judgment will come to all for the deeds they have done. **Pt.3:** God will only be patient for so long and then judgment. **Pt.4:** Don't be too quick to listen to people who say what you want to hear.

Lesson 3: Habakkuk Praises God's Faithfulness: Habakkuk was a prophet who had questions for God as to why He allows the wicked and evil to go unpunished. He sees evil and sin all around him and he is constantly crying out to God for action. God responds by telling Habakkuk, He is sending the Babylonians to punish the Israelites. Then Habakkuk questions God again. Why are you send them evil cruel Babylonians to wipe us out? We are your people. You want to kill us? **Pt. 1 God does not work by our timetable.** Habakkuk wants God to react now. God can and will use whomever He chooses to do His work. Even the cruel Babylonians. **Pt.2: Living right and being holy does not mean we won't have hardships in this life.** Habakkuk goes to the watchtower to wait for God's reply. The watchtower was Habakkuk quiet time with God. Your watchtower or prayer time may be different. God tells Him to write my answer plainly on tablets so there will be no mistakes. And whomever runs with the answer can correctly relay what is to happen. This message is not for now, but the future. It will surely happen. After Habakkuk gets the bison, he sees God in a totally different light. His eyes are open to a Just and Righteous God. Yes, bad things do happen, and we will have trials and tribulations. But as for me I will trust in you. I will rejoice in you. You are my strength and you **Pt.3:** God is patient and longsuffering with His children, and we must be patient and wait for God's timing. **Pt.4:** God will never give up on us. We must never give up on God. **Pt.5:** In spite of our situations we must serve God Faithfully.

Lesson 4: Ezekiel Brings Hope to Israels: Ezekiel was a priest and a prophet. At the age of 25 he was taken captive to Babylon. Five years later he began 22 years of ministry as a prophet. The main point of the Book of Ezekiel is that God will allow invaders to destroy the cities, exile the citizens, but will one day restore the Jewish nation. Some call this chapter the Valley of the Dry Bones. Ezekiel was Israel prophet of Hope. God used the Valley of Dry Bones to communicate a message to Ezekiel which he relayed to the Jews who were in exile in Babylon. Ezekiel was told to prophesy to the bones. These bones were lifeless and dry. God said I will bring them back to life. This was a message for the exile Jews. Yes, your life had been taken from you. You are in a strange land with no Hope. I will not forget you. I will bring you back to life. You will survive and live. Ezekiel did as God told him and prophesied to the bones and they came alive and breathed and was an exceedingly great army. God said "What I did for these bones I'll do for Israel. The nation will live again. God's final words on the matter was this "I am the Lord; I have spoken it and I've made it happen." (1.) God can chose to speak to you through whatever means necessary. (2.) God is the giver of life. (3.) There are no limitations with God. (4.) God will restore and redeem His children. (5.) God is faithful to His people and His promise.

Lesson 5: Jesus Heals a Centurion Servant: Jesus is a healer. He had healed many from diseases and evil vexed spirits. Jesus had just finished ministering and teaching about love for enemies and his declaration in the Sermon on the mount (The Beatitudes), Teaching about the Golden Rule, judging others, love, money, and prayer. Even though he had a lot of fellow Jews wishing to do Him harm. The first outline, Evidence of Goodness, expresses a lot about the Centurion's faith and belief. Here is a Gentile who has heard and possible seen the miracle Jesus performed. From what he observed himself, he saw the goodness and authority of Jesus. He may not have been a believer, but it did take much to act on what he saw and what he needed. Jesus was sent for and was on his way to the Centurion's home when He got the word not to come. The Centurion felt he was not of Jesus coming to his home. However, if you say the word my servant will be healed. Evidently, this Centurion knew something about authority, and he exercised his belief. That's what faith is. Exercising one's belief. When Jesus heard what was said he marveled and said to the people gathered that He had not seen so great of faith in all of Israel. When the messenger returned to the Centurion's home, he found the servant healed. (1.) The way you live your life can welcome people or turn them away. (2.) The Lord can do exceptional things. (3.) Everyone is worthy in the eyesight of God. (4.) Jesus is a true test that all authority is in Him.

In August we will continue with Unit III of the summer quarter with the topic: **Faithful to Heal.** We will discuss the miraculous healing through Faith. My prayer is for God to continue to bless this ministry as we strive to share the Good News of Jesus Christ our Lord and Savior?

July 2022

Minister Earnestine Thompson, Leader

July was a month of success and purpose blessings for some of our members. We want to thank Minister Earnestine Thompson and Minister Annie Lester for attending MASA conference that was held in Byron, Ga. At Casa Mexican Restaurant on July 7th. We thank some of our team members that attended Juneteenth festival in Warner Robins, Ga. On June 18th. We look forward to having some new people of God to join our ministry. We also like to thank Minister Earnestine Thompson, Minister Annie Lester and Gloria Oliver for attending the Caregiver Conference held at Houston Pavilion on July 27th.

We thank God that we were able to start back meeting in person at the church for our monthly meetings in July with our Healthcare team members. We did CPR recertification on June 24th with two participants, the next CPR recertification will be October 24th, cost is \$45.00 person, due as you enter the class. Please contact Minister Earnestine Thompson or Minister Annie Lester any Sunday after worship service in back foyer of church. We will be happy to assist you. Healthcare is always recruiting just see Minister Earnestine Thompson or Minister Annie Lester. Our monthly meetings are mandatory every second Thursday night at 7PM in healthcare room. We look forward to having some of God's people join our ministry. It's a rewarding job helping those in need. So, let's be a role model for Jesus. We want to thank Minister Earnestine Thompson for working and helping out with summer lunch program from May 20th to July 20th. It was fun and enjoyable pleasure serving others. Thank you, Brother Abraham Scott, you did wonderful job with this project. Thanks to all volunteers that helped out. Union Grove has always been a church known to help the community praise the Lord, we don't let anything stop us, we are about our father's business. Psalm 96:12 says let the fields be jubilant and everything in them, let all the trees of the forest sing for joy. So, Union Grove keep up the good work.

I love being a part of the family of God so that we might grow and help others to know God better and how to fit into the body of Christ and ways we can love each other's each day. We need to forgive when we put judgement of others when God knows our hearts. We need to ask God to grow us in wisdom. Loving God give us humbleness teachable spirit that we might grow in grace and knowledge of Jesus. We're all God people so let's ask God to please free us from our sinful nature and patterns, help us to be more like him so others will know we represent him and they will want to follow our lights because we trust in God and his promises. So, make sure you spend quality time with Jesus daily, he will never leave nor forsake you. Isaiah 59 is good chapter to read, this chapter tells us to put on the whole armor of God and always be prepared, God has our back, it's time make a change. Where are intercessory prayers? Verse 19 is my favorite it says, so shall they fear the name of the Lord from the west, and his glory from the rising of sun. When the enemy shall come in like flood, the spirit of Lord shall lift up standard against him. Because verse 1 says behold, the Lord's hand is not shortened, that it cannot save, neither his ear is heavy, that it cannot hear. We should always give God all the glory, praises and honor he deserves, we are created to worship him only and not any idols so let's stay strong and encouraged in the word of the Lord.

AUGUST 2022

School has started! I know you have already bought some back-to-school clothes. I hope you didn't buy their entire fall wardrobe at once. Yes, our children have grown over the summer, but it's still hot, so summer clothes can still be worn. Check clearance racks for summer items. Also, I saw a news report that clothing racks are running over as the shipping containers that were stuck at the docks are now being unloaded and retail backorders are coming in along with fall orders. The stores don't have room to store all this merchandise, so they will be forced to put some of it on sale.

NET WORTH. I started discussing this topic back in 2019 and I'm still on it. By 2050, the average new worth of African Americans will be **ZERO**. Why? We won't own anything or extraordinarily little. New worth is the difference between what you own (minus your residence) and what you owe. Can this trend be reversed? **OF COURSE!** But not on its own. We must all work together to help one another get ahead and stay ahead. What can we do?

- a) Invest in stocks and bonds.
- b) Invest in land.
- c) Open our own businesses. Run them in a professional manner. Sometimes we don't support our own because one Black person didn't do us right or did a poor job. How many white shop owners have done us wrong and yet we keep going back? Shop around.
- d) Support other Black-owned businesses. The reason there are so few Black-owned businesses is that we stopped supporting them and whites never have. You must look for them. We were so happy the chain restaurants and retail stores let us shop that we forgot about the shops that were available to us all the time.
- e) Check on your family's heir property. Call your cousin, aunt, whomever to see who is looking after things, i.e. paying taxes, and maintaining the property.
- f) Pay your property taxes on time. Once our mortgages are paid off, it gets easy to forget about the insurance and taxes. Set up your own escrow account so you won't get caught with an unexpected tax bill/insurance bill.

August is **National Black Business Month**. Historian John William Templeton and engineer Frederick E. Jordan, Sr. founded National Black Business Month in August 2004 to "drive the policy agenda affecting the 2.6 million African-American businesses."

SCAM ALERT: When was the last time Flint Energies or the City/County Utility office called you before they cut your lights off? Never! If anyone calls to collect your light bill, utility payment, just hang up.

When God is in the Classroom, Part 2

Jackie Powell

“Let the little children come to me, and do not hinder them, for the kingdom of Heaven belongs to such as these.” Matthew 19:14

Last year, I shared my belief that we as adults should instill values on the students with the belief that doing so would enable the students to become successful adults. This belief is still prevalent today. I would like to share some other thoughts about God in the classroom, as we prepare for the beginning of another school year. We as parents, teachers and administrators have to prepare ourselves to instruct students in every way.

I’m sure we’ve heard the expression “teachers teach for the outcome, not the income”. That is so true, for most teachers teach because of the love for the students. So many of us have bent down to tie a little shoe, as well as clean up a mess that an elementary child might have made. It’s a known fact that the young students will call their teacher mommy because of how they feel about that teacher. So many of us have comforted a child with a hug and wiped away some tears. All teachers will at times give words of encouragement to inspire all their students. So many hours of our free time have we given up for our kids. Every day, we give up all we have for are being the hands and feet of Jesus in the classroom. And good teachers do it ALL the time every day.

When we go to school to serve our students—God is in our classroom. Love comes in different forms when dealing with students. As a teacher of 38 years I had to show love by being patient in all situations. I had to show joy when a student shows up after being out for a long time. Love is treating a child with kindness when they misbehave. I had to show love by disciplining students or because of my expectation of a student that’s not performing up to par. What would my classroom look like if I didn’t show love in all situations? Yes, God is in the classroom for he thinks highly of the children in the classroom and we the teachers must show that we think highly of our student! He is in the actions of our hands and of our feet. We may not always think highly of the children in our classroom, but Jesus certainly does. He loves them deeply and God helps us to think of them highly, too. When we think highly of them, loving them becomes second nature. When we love our students, we love them with the love of God.
